

Agricultural Wheel Tractor

This wheel tractor is designed for agricultural applications. It features a robust chassis, a powerful engine, and large tires for optimal traction.

Product Overview

Professional Agricultural Tractor TS550

The TS550 is a high-performance wheel tractor specifically engineered for demanding agricultural environments. Featuring a robust chassis and powerful engine, it ensures reliable operation during intensive tasks like plowing and planting. With its specialized large-tire configuration, the unit provides superior traction and stability across varied terrain.

Technical Specifications

Key Design Elements

- Robust chassis construction
- High-traction large tires
- Ergonomic driver's station
- Distinctive red and black livery

Model Identification	TS550
Primary Applications	Plowing, Planting, General Agricultural Tasks
