

Air Blow Gun with Turbo Venturi Tip

This air blow gun features a turbo venturi tip for enhanced airflow and efficient cleaning. Designed for industrial and automotive applications, it delivers a powerful blast of air to remove debris, dust, and liquids from hard-to-reach areas.

Product Overview

High-Performance Turbo Venturi Air Blow Gun

This professional-grade air blow gun is engineered for high-efficiency cleaning in automotive and industrial environments. Featuring a specialized turbo venturi tip, it amplifies air flow up to 4 times compared to standard nozzles, making it exceptionally effective at clearing heavy grime, debris, and liquids. With variable pressure control via the trigger, it offers the precision needed for cleaning engine cylinder heads and intricate machinery components.

Technical Specifications

Working Pressure	90 psi
Air Inlet Size	1/4 inch

Key Features

Performance Features

- Turbo venturi tip for 4x airflow boost
- Variable pressure trigger control
- Engineered for automotive and industrial cleaning
- Effective for removing muck, grime, and debris

Application

Best For	Automotive Repair, Engine Cleaning, Industrial Maintenance, Workshop Debris Removal
