Overview

Reliable Power Generation

This air-cooled diesel engine generator offers a robust and portable power solution suitable for various operational needs. Designed with durability in mind, the unit features a protective frame and integrated wheels for easy transport across job sites. It includes a comprehensive control panel for monitoring output, ensuring stable and efficient performance for critical equipment.

Performance Specifications

Rated Output

3 KW

Minimum Output

5 KW

Maximum Output

Frequency

50 Hz

Electrical Output

DC Output Terminals

- DC 12V 8.3A
- DC 10A
- DC 30A

AC Output

220V

Features

Safety & Control Features

Oil Alert System, Circuit Protection, Starter Switch, Air-Cooled Engine
