Product Overview

High-Performance Air Disc Brake Caliper

The EX225 Air Disc Brake Caliper is engineered for heavy-duty vehicle braking systems, offering reliable and efficient performance under demanding conditions. Designed for durability and consistent operation, this component is a critical part of the brake assembly for trucks, buses, and trailers. It meets stringent quality standards to ensure safety and longevity in commercial automotive applications.

Technical Specifications

Certifications

IATF 16949

Model

EX225

Compatible OEM Numbers

LRG726, LRG727, LRG728, LRG729

Compatibility

Suitable Applications

- Truck
- Bus
- Trailer
