Overview

Air Dryer Cartridge

This air dryer cartridge is engineered for automotive air brake systems, designed to effectively remove moisture, oil, and contaminants from compressed air. By providing efficient filtration, it helps prevent corrosion and system failures, ensuring the longevity and reliability of your pneumatic components. It is a critical maintenance part for maintaining optimal air brake performance.

Technical Specifications

Quality Assurance

100% Checked

Compatible Part Numbers

1455253, 1774598, TB1374/3X

Application

SAAB SCANIA

HS Code

8421230000

Logistics & Terms

Guarantee

10000 km

Packing

Neutral / Customized Packing

Loading Ports

Ningbo, Shanghai

Delivery Time

Approximately 30 days after 30% deposit
