Overview

Elegant design that seamlessly integrates into any living room, bedroom, or office.

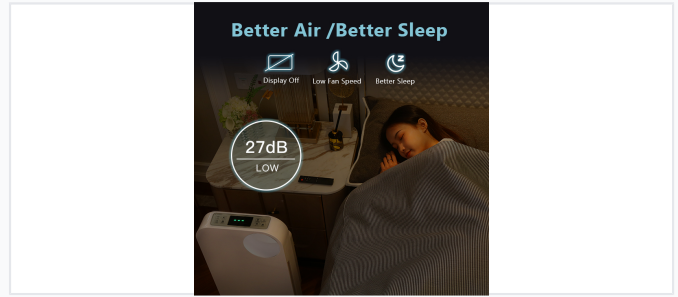

Elegant Air Purification

This high-performance air purifier is designed to provide clean and fresh air for indoor environments ranging from 30 to 40 square meters. It features a multi-stage filtration system including a pre-filter, True HEPA filter, activated carbon, cold catalyst, and negative ion generation to effectively remove pollutants such as PM2.5, smoke, formaldehyde, and bacteria. With its whisper-quiet operation and intelligent auto-mode, it ensures optimal air quality for homes and offices without disturbing your daily activities.

Performance

Engineered for efficient purification in rooms up to 40 square meters.

Whisper-quiet operation at 27dB ensures a peaceful environment for sleep.

Clean Air Delivery Rate (CADR)	280 m ³ /h
Coverage Area	30-40 m ²
Noise Level	27-46 dB

Filtration System

Comprehensive 5-stage filtration system for superior air quality.

Filtration Components	Pre-filter, True HEPA, Active Carbon, Cold Catalyst, Negative ION
Filter Lifespan	3000 Hours

Features

Intuitive interface featuring PM2.5 data, filter status, and safety indicators.

Operating Modes <ul style="list-style-type: none"> • Normal mode (3 speeds) • Sleep mode • Auto mode 	
Sensors & Safety PM2.5 Sensor • Dust Sensor • Child Lock • Auto-off	
Timer Setting	1-8 Hours
