

AISI 304 Stainless Steel Wire Rope

This stainless steel wire rope is constructed from AISI 304. It is available in constructions of 1x7, 1x19, 7x7, and 7x19.

Overview

High-Performance Stainless Steel Wire Rope

This AISI 304 stainless steel wire rope is engineered for demanding industrial environments, offering exceptional corrosion resistance and durability. Available in a wide range of constructions and diameters from 0.3mm to 32mm, it is suitable for diverse applications including rigging, construction, and metallurgy. The product is manufactured to meet rigorous international standards, ensuring reliability and safety for professional use.
