

AISI304 Stainless Steel Wire Rope

This stainless steel wire rope is constructed from AISI304 grade material. It is available in constructions of 1x7, 1x19, 7x7, and 7x19.

Product Overview

High-Performance Stainless Steel Wire Rope

This AISI 304 stainless steel wire rope is engineered for demanding industrial applications requiring superior corrosion resistance and durability. Available in a wide range of constructions and diameters from 0.3mm to 32mm, it is suitable for rigging, construction, and metallurgical environments. The product meets international standards including ASTM, DIN, and EN12385-4, ensuring reliable performance under varied tensile loads.

Technical Specifications

Available Constructions

- 1X7
- 1X19
- 7X7
- 7X19
- 6X7+FC/IWS
- 6X19+FC/IWRC/IWSC
- 19X7
- 6X37+FC/IWRC
- 6X36WS+FC/IWRC

Tensile Strength Options

1570 N/mm2

Tensile Strength

1670 N/mm2

Tensile Strength

1770 N/mm2

Tensile Strength

Surface Treatment

Bright • Annealed • Electro polished

Material Grade

AISI 304, AISI 316, AISI 304L, AISI 316L, Non-magnetic

Diameter Range

0.3mm to 32mm

Standards & Compliance

Standards

AISI, ASTM, DIN, EN12385-4, BS, GB, JIS

H.S. Code

7312100000

Logistics & Usage

Packing Options

- Plywood reels
- Plastic spools

Lay Direction

R.H.O.L and L.H.O.L

Applications

Rigging, Construction, Aircraft, Metallurgy, Hardware
