

Alkaline AA Batteries 1.5V - 10-Pack

These are high-performance alkaline AA batteries. Each 1.5V battery is designed for super heavy-duty applications and provides long-lasting energy.

Product Overview

High-Performance Power Solution

These alkaline AA batteries are engineered for super heavy-duty applications, providing reliable and consistent energy for a wide range of devices. With a standard 1.5V output, they are designed to support high-drain electronics effectively. This 10-pack configuration ensures you have ample power reserves on hand, combining extended shelf life with dependable performance.

Technical Specifications

Battery Type	Alkaline
Voltage	1.5 V
Size	AA (No. 5)
Pack Size	10 cells

Performance Features

Key Performance Indicators

1.5 V Nominal Voltage	10 pcs Quantity per Pack
---------------------------------	------------------------------------

Features

Super Heavy Duty • Extended Shelf Life • High Energy Density

Best For

High-drain devices, Heavy-duty applications, General electronics
