Product Overview

Professional All-in-One Ironing Solution

This advanced all-in-one steam ironing system is engineered to combine innovation and efficiency for professional-grade clothing care. Featuring a high-pressure steam generator, active ironing board with suction and blowing functions, and a ceramic-coated soleplate, it ensures garment protection while cutting ironing time significantly. The system is designed for convenience, boasting a foldable, height-adjustable frame and integrated storage features suitable for demanding textile maintenance.

Ready Time

Technical Specifications

Electrical Requirements

- Voltage: AC 220V-240V
- Frequency: 50/60Hz
- Cord Length: 2.1M

Dimensions & Capacity

Component	Value
Main Board	109 x 36.5 cm
Sleeve Board	51.5 x 13.5 cm
Height Range	73-98 cm
Water Tank	1000 ML
Weight (Net/Gross)	23.5 KG / 29 KG

Key Features

Operational Capabilities

Auto-off Safety, Continuous Steam, Active Board (Suction/Blowing), Adjustable Temperature, Foldable Design, Integrated Wheels
