

All-Steel Radial Truck Tire

This all-steel radial tire is designed for heavy-duty applications. Its robust construction provides enhanced durability and load-bearing capacity.

Product Overview

High-Performance Radial Tire

This all-steel radial truck tire is engineered for heavy-duty applications, providing robust construction for enhanced durability and load-bearing capacity. The optimized tread pattern ensures superior traction and stability on paved roads and highways. Designed for reliability, it is an ideal choice for trucks, buses, and other commercial vehicles requiring consistent, long-lasting performance.

Performance Features

Traction Performance

Superior Traction

Application Environment

Paved Roads, Highways, Heavy-Duty

Technical Specifications

Vehicle Compatibility

- Trucks
- Buses
- Commercial Vehicles

Construction Type

All-Steel Radial
