

Aluminum Airport Luggage Trolley

This heavy-duty aluminum airport trolley facilitates efficient luggage handling. It features a sturdy frame and smooth-rolling wheels for easy maneuverability in airports and hotels.

Overview

Professional Airport Luggage Handling

This heavy-duty airport luggage trolley is engineered for high-traffic environments, combining a lightweight aluminum alloy frame with a robust steel wire basket. Designed for efficiency and durability, it features a 250 kg load capacity and smooth-rolling natural rubber wheels. With integrated advertising panels and a corrosion-resistant anodized finish, this trolley offers a professional solution for airports, hotels, and transportation hubs.
