

Aluminum Alloy Furniture Handles

These aluminum alloy handles feature modern designs suitable for various applications. They are available in both straight and curved styles, with multiple lengths and color options.

Product Overview

Modern Aluminum Alloy Furniture Handles

These modern aluminum alloy handles are designed to elevate the aesthetic and functionality of cabinets, drawers, and various furniture pieces. Featuring a versatile collection of both straight and curved designs, they cater to diverse interior styles. The straight handles offer a sleek, rectangular profile with a brushed metal finish, while the curved options provide an ergonomic grip with a unique dotted texture for enhanced tactile feedback.
