Product Overview

High-Performance Sanding Solution

This aluminum oxide sanding disc features a convenient hook and loop backing, allowing for rapid and effortless disc changes during operation. Engineered for versatility, it is suitable for sanding a wide range of materials including wood, metal, and plastic. The integrated dust extraction holes significantly improve sanding efficiency and visibility, making it an ideal choice for both professional and DIY applications.

Technical Specifications

Abrasive Material	Aluminum Oxide
Attachment Method	Hook and Loop (Velcro)
Compatible Surfaces	Wood, Metal, Plastic
Dust Extraction	Yes
