

Aluminum Platform Hand Truck

This platform hand truck is designed for transporting goods and materials. It features a durable aluminum platform and four swivel casters for smooth and stable movement.

Overview

Professional Aluminum Platform Hand Truck

This versatile platform hand truck is engineered for efficient material handling in warehouses, factories, and commercial environments. Featuring a lightweight yet durable aluminum platform paired with a robust steel tube frame, it balances strength with ease of maneuverability. The unit is designed for convenience, offering a foldable structure for compact storage when not in use.
