Overview

Professional Angle Grinder Series

This versatile series of angle grinders is engineered for heavy-duty grinding, cutting, and polishing tasks across metalworking and construction environments. Designed with ergonomic handling and safety features like adjustable guards and spindle locks, these tools ensure precise control and reduced user fatigue. With a wide range of power inputs and wheel sizes available, this lineup provides a tailored solution for various industrial and DIY applications.

Performance Metrics

Performance Overview

2600 W

Max Power Input

13000 r/min

Max Speed

230 mm

Max Wheel Diameter

Technical Specifications

Model Specifications

Model	Wheel Diameter (mm)	Max Speed (r/min)	Power Range (W)
DM20-100	100	13000	570 - 1200
DM20-125	125	11800	850 - 1200
DM20-150	150	9000	900 - 1400
DM20-180	180	8300	2000 - 2600
DM20-230	230	6600	2000 - 2600

Supported Wheel Hole Diameters

- 16
- 22

Standard Voltage

220V / 50Hz
