

Angle Grinder - Power Tool for Metal and Stone

This angle grinder is designed for grinding and cutting metal, stone and similar materials. It features a powerful motor, ergonomic design and multiple safety features.

Overview

Professional Grade Angle Grinder

This high-performance angle grinder is engineered for demanding tasks, including grinding and cutting metal, stone, and various construction materials. Designed with ergonomics and operator safety in mind, it features a robust motor and essential safety mechanisms like a wheel guard and spindle lock. Built to international quality and safety standards, this tool is a reliable choice for both heavy-duty professional applications and rigorous DIY projects.

Technical Specifications

Power Input	650 W
Voltage/Frequency	220V-50Hz
No-Load Speed	11000 r/min
Model Identifier	GF8-100

Certifications & Standards

International Certifications	CE, UL, GS, BS, CSA, EMC, ISO 9002
