

Apple-Shaped Speaker with Cooling Fan

This speaker is shaped like an apple and includes a built-in fan. The design incorporates a green base and stem, with red fan blades resembling flower petals.

Product Overview

Novelty Apple-Shaped Speaker with Cooling Fan

This creative desktop accessory combines functional audio playback with a refreshing personal cooling fan. Designed in the shape of a decorative potted apple plant, it offers a playful aesthetic that fits perfectly in offices or bedside settings. The integrated fan provides airflow while the built-in speaker ensures you can enjoy your audio, making it a unique dual-purpose gift or novelty item.
