

## ARESX Series 125/150/250cc Motorcycle

The ARESX series motorcycle is available in 125cc, 150cc, and 250cc engine displacements. It features a classic scrambler design with modern components and a robust single-cylinder engine.

### ADDITIONAL IMAGES

### Overview

The ARESX series features a classic teardrop fuel tank and modern fuel-injected engine.

Retro-modern design elements include a protective headlight cage and classic gaitered suspension.

### ARESX Series Motorcycle

The ARESX series is a versatile motorcycle platform available in 125cc, 150cc, and 250cc engine displacements, designed to blend classic retro aesthetics with modern performance engineering. Built for both urban commuting and light off-road exploration, it features a robust single-cylinder, air-cooled engine and a high-strength steel frame. With its reliable disc brake system and balanced suspension, the ARESX series offers a responsive and comfortable riding experience for professional and recreational users alike.

## Engine

### Performance Metrics

**12.5 kW/rpm**  
Max Power

**16.5 N.m/rpm**  
Max Torque

### Powertrain Details

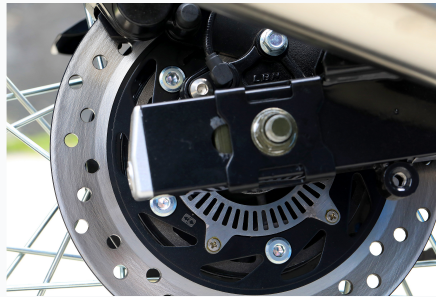

- Ignition: CDI
- Starting: Electric
- Transmission: 5 Gears

Engine Type	Air-cool, single cylinder, four stroke
Displacement	250 CC
Bore x Stroke	65.5 x 59 mm
Fuel Efficiency	354 g/KW.h

## Chassis

Robust rear tire tread and stainless steel exhaust system.

Vented disc brake rotor designed for efficient heat dissipation.

Detailed view of the mechanical rear suspension and hydraulic braking components.

### Tire Specifications

Position	Size
Front	110/70-17
Rear	140/70-17

### Braking System

Front Disc Brake, Rear Disc Brake

## Dimensions

### Physical Dimensions

- Dimensions (L\*W\*H): 2200\*750\*1230 mm
- Wheelbase: 1320 mm
- Seat to Ground Height: 740 mm
- Min Ground Clearance: 200 mm
- Dry Weight: 120 kg
