

Argentina Standard Power Cord

This power cord is suitable for various electric appliances. It features an Argentina plug with three pins and meets the IRAM standard.

Product Overview

Reliable Power Connectivity for Argentina

This Argentina standard power cord is designed for high-performance connectivity with electrical appliances requiring an IRAM 2073 compliant interface. Featuring a robust three-prong design with flat pins in a triangular configuration, it ensures a safe and stable connection to power supplies. Available in customizable colors, this AC power cord is ideal for B2B applications ranging from consumer electronics to industrial equipment.
