

ATO Blade Fuse Assortment Kit

This assortment kit includes standard ATO blade fuses for automotive and RV applications. The fuses come in various amperage ratings to protect circuits from overcurrent conditions.

Product Overview

Comprehensive Automotive Fuse Kit

This ATO blade fuse assortment kit provides a versatile range of 10 standard fuse sizes, essential for maintaining electrical safety in automotive and DC applications. Designed for reliability, each fuse features a transparent housing for quick visual inspection and color-coded plastic for easy amperage identification. The kit includes a convenient fuse puller, making it an ideal solution for technicians and vehicle owners needing rapid circuit protection.

Technical Specifications

Included Amperage Ratings

- 2A
- 3A
