Product Overview

High-Performance Tie Rod Ball Joint

This precision-engineered tie rod ball joint is designed to provide reliable steering and suspension performance for various ATV and UTV models. Built for durability, it ensures smooth operation even under demanding off-road conditions. It is a critical component for maintaining vehicle handling and safety, compatible with a wide range of engine displacements.

Compatibility

Vehicle Types

ATV • UTV • Quad • Gokart

Compatible Series

- Forge
- Tactic
- Sector
- Strike

Compatible Engine Sizes

400cc, 450cc, 500cc, 550cc, 750cc, 800cc, 1000cc

Technical Details

HS400 ATV-4

HiSun ATV Parts

Precision-engineered tie rod ball joint designed for reliable steering performance.

Engine Model Reference

HS185MQ

Primary Function

Steering and suspension articulation
