

Audi A1 Strut Bumper and Bellows Kit

This kit includes strut bumpers and bellows designed for Audi A1 vehicles. The strut bumpers are made of high-quality polyurethane and the bellows are constructed from flexible, tear-resistant material.

ADDITIONAL IMAGES

Product Overview

High-quality polyurethane strut bumpers and durable rubber bellows designed for optimal suspension protection.

High-Performance Suspension Kit

This Strut Bumper and Bellows Kit is engineered to meet original equipment standards, ensuring optimal suspension performance and ride quality. Constructed from high-quality polyurethane, natural rubber, and TPV, the components offer exceptional wear, tensile, and temperature resistance, capable of operating in extreme conditions down to -40°C. Designed for the Audi A1, this kit provides a direct replacement solution that effectively protects shock absorbers from debris and absorbs impacts, significantly extending the lifespan of your vehicle's suspension system.

Compatibility & Identification

Reference Numbers

- BOGE: 892040
- KYB: 910154

Compatible Model

Audi A1

Year Range

2010-2018

OE Numbers

1J0412303, 1S0412303A, 357413175

Technical Performance

Key Performance Metrics

200000 cycles

Fatigue Test Impacts

100000 KM

Lifespan Mileage

3 Years

Storage Life

Material Composition

Polyurethane • Natural Rubber • TPV

Minimum Operating Temperature

-40 °C

Logistics & Compliance

Order & Logistics

Parameter	Value
MOQ	100 PCS
Warranty	1 Year
Packing	Neutral Packing
