

# Automatic 8-Gun Spraying Machine

This automatic spraying machine is equipped with 8 guns for efficient and consistent coating applications. Designed for industrial use, it ensures uniform coverage and high throughput.

## Product Overview

### High-Efficiency Automatic Spraying Solution

The HMS1300D is a professional-grade automatic spraying machine designed for high-volume industrial coating applications. Equipped with an 8-gun system, it ensures uniform coverage and consistent finishing quality across a wide range of materials. This automated solution is engineered to enhance productivity, minimize material waste, and reduce manual labor in demanding production environments.

## Key Performance Metrics

### Key Performance Metrics

<b>1300 mm</b> Max Spraying Width	<b>8 pcs</b> Spray Guns	<b>10 m/min</b> Max Feeding Speed	<b>14.5 kw</b> Total Power
--------------------------------------	----------------------------	--------------------------------------	-------------------------------

## Technical Specifications

Spraying Machine/Barridora de pistola/Опрыскиватель HMS1300D

HMS1300D (Automatic spraying machine/gun)  
(Barridora de pistola automática/gun)  
(Автоматический распылитель/станция/распылитель)

WEIHAI HELPFUL MACHINERY CO.,LTD

## Technical Parameters

Parameter	Value
Model	HMS1300D
Max. Thickness of Workpiece	125mm
Air Pressure	0.5-0.8Mpa
Weight	2000kgs
Dimensions	4200x3850x2520mm

## Operational Features

Spraying Machine/Barridora de pistola/Опрыскиватель HMS1300D

HMS1300D (Automatic spraying machine/gun)  
(Barridora de pistola automática/gun)  
(Автоматический распылитель/станция/распылитель)

WEIHAI HELPFUL MACHINERY CO.,LTD

Spraying Machine/Barridora de pistola/Опрыскиватель HMS1300D

HMS1300D (Automatic spraying machine/gun)  
(Barridora de pistola automática/gun)  
(Автоматический распылитель/станция/распылитель)

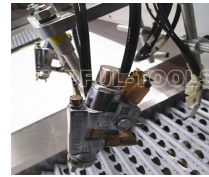

WEIHAI HELPFUL MACHINERY CO.,LTD

Spraying Machine/Barridora de pistola/Опрыскиватель HMS1300D

HMS1300D (Automatic spraying machine/gun)  
(Barridora de pistola automática/gun)  
(Автоматический распылитель/станция/распылитель)

WEIHAI HELPFUL MACHINERY CO.,LTD

## System Features

- Automated conveyor system for part handling
- Multi-gun configuration for comprehensive coverage
- Precise control mechanisms for consistent results
- Robust construction for industrial durability
- Suitable for various coating materials

## Applications

Spraying Machine/Barridora de pistola/Опрыскиватель HMS1300D

HMS1300D (Automatic spraying machine/gun)  
(Barridora de pistola automática/gun)  
(Автоматический распылитель/станция/распылитель)

WEIHAI HELPFUL MACHINERY CO.,LTD

## Industrial Applications

Industrial Coating, High-Volume Production, Automated Finishing, Uniform Surface Treatment
