Overview

Automated Case Loading Solution

This automatic case loading machine is designed for the efficient collating, erecting, loading, and sealing of corrugated paper cartons. Featuring a robust, one-piece frame, it offers stable operation and is suitable for a wide range of industries including food, pharmaceuticals, tissue paper, books, and toys. The system includes an intuitive HMI panel for easy parameter recording and handling, ensuring seamless integration into modern production lines.

Applications

Suitable Industries

Food, Pharmaceuticals, Tissue Paper, Books, Toys

Technical Specifications - Model ZX-01

Performance Metrics

240 cartons/hour
Max Capacity

20 kg/carton
Max Load

Machine Dimensions

1700 x 1950 x 2060 mm

Power Requirements

3PH 220V/380V 50/60Hz, 4kW

Air Supply

8 kg/cm²

Technical Specifications - Model KZF-01

Operational Performance

5 cartons/min

Max Packing Capacity

5 kg

Max Grabbing Capacity

Taping Specifications

- Tape Width: 60mm
- Taping Head: 80mm
- Max Tape Diameter: d200mm

Machine Dimensions

L3000 x W2200 x H2800 mm

Power Supply

380V 50/60Hz 3PH 5 Lines
