

# Automatic Drip Coffee Maker with Glass Carafe

This automatic drip coffee maker is designed for brewing coffee. It features a water reservoir with visible level markings, a swing-out filter basket, and a glass carafe with a handle and a warming plate to keep coffee hot after brewing.

## Product Overview

### Professional Automatic Drip Coffee Maker

This automatic drip coffee maker provides a reliable and efficient brewing solution for office or commercial pantry use. Designed with user-friendliness in mind, it features a clear water reservoir for precise filling and a convenient swing-out filter basket. The included glass carafe and integrated warming plate ensure that coffee remains at the ideal serving temperature throughout the day.
