Overview

Authentic Persian Rice Perfection

This automatic rice cooker is precision-engineered to deliver authentic Persian-style rice with the perfect crispy bottom layer, known as tahdig. Featuring a versatile 1.8L capacity and 700W of power, it handles up to 10 cups of uncooked rice with ease. With four distinct temperature gears, users can control the level of crust to achieve anything from a light golden crisp to a deep, hard brownish crust.

Technical Specifications

Capacity	1.8 L
Power Rating	700 W
