

Automatic Plug-In LED Night Light

This automatic plug-in night light provides soft illumination in dark spaces. Featuring a built-in light sensor, it automatically activates at dusk and deactivates at dawn, conserving energy.

Overview

Smart Illumination for Modern Spaces

This automatic plug-in night light is designed to provide soft, reliable illumination in dark environments. Equipped with an intelligent built-in light sensor, the unit automatically activates at dusk and turns off at dawn to maximize energy efficiency. With its compact form factor, it provides essential visibility in hallways, bedrooms, and nurseries without obstructing adjacent power outlets.

Technical Features

Sensor Technology	Built-in Light Sensor (Dusk-to-Dawn)
Manual Control	Yes

Usage & Application

Ideal Locations	Hallways, Bedrooms, Bathrooms, Nurseries
