

Automatic Plug-In Security Light with Timer

This automatic security light provides convenient and energy-efficient lighting control. It features a built-in timer that automatically turns the light on at dusk and off at dawn, enhancing security and saving energy.

Product Overview

Smart Security Lighting Solution

This automatic plug-in security light offers a convenient, energy-efficient solution for indoor lighting control. Equipped with a built-in timer, the unit intelligently manages illumination by turning on at dusk and off at dawn, effectively deterring intruders while conserving energy. Its compact, direct-plug design ensures simple installation in any standard outlet, providing reliable ambient light for enhanced home or office security.

Technical Specifications

Model Number	PL-700
Power Rating	30 W
Lamp Technology	Compact Fluorescent Lamp (CFL)

Features

Automation Capabilities

- Automatic dusk-to-dawn sensor
- Plug-and-play installation
- Energy-efficient operation

Recommended Usage	Indoor Use, Residential Security, Ambient Lighting
