Product Overview

Automatic Retractable Running Boards

These automatic retractable running boards provide a seamless and convenient way to enter and exit high-riding vehicles. Designed for durability and all-weather performance, they feature a maintenance-free system with self-lubricating bushings and weatherproof electric motors. With integrated safety technology including pinch-proof sensors and automatic retraction at speeds over 5km/h, these steps enhance both accessibility and vehicle aesthetics.

Performance & Capacity

Load Capacity

600 LB

Per Side

Safety Features

Pressure-sensitive bounce back, Pinch-proof safety, Speed-sensitive retraction

Auto-Retraction Speed

5 km/h

Construction & Materials

Durability Features

- Corrosion-resistant finish
- Maintenance-free self-lubricating bushings
- Weatherproof electric motors and wiring
- Full-length internal ribs on steps

Material

Die-cast aluminum-alloy with powder coating
