

# Automatic Stainless Steel Hand Dryer

This high-speed hand dryer features a durable stainless steel casing. It is equipped with an infrared sensor for touch-free operation and delivers a powerful airflow for rapid hand drying.

## Product Overview

### High-Performance Hand Drying Solution

This automatic hand dryer is engineered for high-traffic commercial and public restrooms, featuring a robust stainless steel casing that ensures both hygiene and long-term durability. Its advanced infrared sensor enables touch-free operation, significantly reducing the spread of germs and enhancing user safety. Designed for efficiency, the unit delivers a powerful airflow for rapid drying while maintaining low energy consumption, making it an ideal choice for modern facilities.

## Technical Specifications

Operation	Automatic (Infrared Sensor)
Casing Material	Stainless Steel
Safety Features	Thermal Protection, Touch-free Operation, Overheat Prevention

## Installation & Usage

### Ideal Applications

- Commercial Restrooms
- Public Spaces
- High-traffic Facilities

Mounting	Wall-mounted
