

Automatic T-Shirt Bag Production Machine

This fully automatic T-shirt bag making machine is designed for high-volume production of T-shirt bags. It features advanced automation for efficient and precise bag making.

Product Overview

High-Efficiency T-Shirt Bag Production

This automatic T-shirt bag production machine is engineered for high-volume manufacturing environments. Featuring an integrated auto-cutting device, it ensures precise, consistent bag dimensions and quality. Designed to optimize production rates, this system minimizes operator intervention, making it an ideal solution for manufacturers looking to enhance efficiency and reduce labor costs.

Technical Specifications

Performance Metrics

200 pcs/min

Max Speed

3.37 kW

Total Power

Production Dimensions

Parameter	Range
Width (mm)	180-420
Length (mm)	360-800
Thickness (mic)	7-35

Model	BX460S-I
-------	----------

Features

Key Features	Automatic Cutting, High-Speed Operation, Continuous Feeding, Precision Sealing
