Product Overview

High-Efficiency Tea Packaging Solution

This automatic tea-bag packaging machine is engineered for the precise filling, sealing, and tagging of tea bags. Designed for high-speed production, it ensures consistent quality and reliable output for various tea types and herbal infusions. The system features a durable stainless steel construction and an intuitive touch-screen interface, making it an ideal solution for manufacturers looking to optimize their packaging operations.

Technical Specifications

Filling System	Volumetric
Construction Material	Stainless Steel
Control Interface	Touch Screen
Mobility Features	Yes

Operational Features

Automation Capabilities

- Automatic Filling
- Automatic Sealing
- Automatic Tagging
- Conveyor Belt Output

Adjustable Settings

- Tea Bag Size
- Filling Weight
- Sealing Parameters

Safety Mechanisms	Emergency Stop, Food Grade Standards
