Overview

Integrated Bottling Solution

This high-efficiency automatic machine combines washing, filling, and capping into a single, compact unit. Engineered with high-quality SUS304 stainless steel, it is designed for precision and durability in beverage production environments. It features advanced photoelectric detection to ensure intelligent operation, including no-bottle/no-fill and no-bottle/no-cap safety protocols.

Technical Specifications

Filling Heads	12
Main Motor Power	1.5 kW
Model Number	XGF14-12-5

Capabilities

Compatible Bottle Sizes

- 330ml - 2000ml (Standard PET)
- 2L - 10L (Big Bottle)

Compatible Liquids	Pure Water, Mineral Water, Soda Water, Juice, Tea
--------------------	---

Key Features

Advanced Automation

Photoelectric Detection • CIP Cleaning Capable • Tool-free Size Changing • Gripping Bottleneck Tech

Material	SUS304 Stainless Steel
