Product Overview

High-Performance Automotive AC Compressor

This automobile air conditioning compressor is engineered for efficient refrigerant circulation and optimal cooling performance in VAG group vehicles. Designed to meet OEM specifications, it features a robust housing and a 110mm 6PK clutch for reliable belt-driven operation. It is a critical component for maintaining passenger comfort by effectively compressing R134a refrigerant under high pressure and temperature.

Technical Specifications

Key Performance Metrics

110 mm

Clutch Diameter

6 PK

Pulley Grooves

Refrigerant Type

R134a • HFC134a

Lubricant Type

SP-20 or equivalent

Compatibility

Code:FIN7SEU
 Refrigeration:R134a
 Clutch:6PK/110mm
 Applicable: Audi A3/Skoda Octavia/VW Caddy/Golf/
 Jetta/Passat/C2/C5/VW TOURAN/Magotan 1.6/Sagitar 1.6
 Factory Code:FIN7SE17101
 OEM NO. :1K0820803E/1K0820803F/1K0820803P/1K0820859C/
 1K0820859E/1K0820859M

Comprehensive compatibility list and technical parameters for the 7SEU series compressor.

Applicable Vehicles

Audi A3, Skoda Octavia, VW Caddy, VW Golf, VW Jetta, VW Passat, VW Touran, VW Magotan 1.6, VW Sagitar 1.6, C2, C5
