

Automobile AC Condenser

This automobile AC condenser is engineered for efficient heat transfer within automotive air conditioning systems. Its durable construction ensures resistance to corrosion and provides reliable cooling.

Product Overview

High-Efficiency AC Condenser

This automotive air conditioning condenser is engineered for superior heat transfer and reliable cooling performance. Constructed with high-quality aluminum, it offers excellent corrosion resistance and durability for long-lasting service life. The parallel flow design maximizes surface area for enhanced cooling capacity, ensuring optimal comfort in various driving conditions.

Technical Specifications

Cross Reference Codes

3594 DPI Number	94621 Nissens Code
---------------------------	------------------------------

Core Dimensions 630 x 369 x 16 mm

OEM Reference Numbers 92110-AX800, 92110-AX801, 92110-AX80B

Compatibility

Vehicle Fitment

Model	Engine	Year Range
CUBE SL	1.8L L4	2009-2014
Versa	1.6L L4	2009-2011
Tiida	1.8L L4	2007-2012
