Product Overview

High-Performance Automotive Condenser

This automotive air conditioning condenser is precision-engineered for efficient heat transfer and optimal cooling performance. Designed with a parallel flow architecture, it features high-quality aluminum construction to ensure durability and resistance to high pressures. This unit is built to meet or exceed original equipment specifications, providing a reliable solution for vehicle climate control systems.

Compatibility & Identification

Reference Numbers

Reference Type	Value
OEM Part Number	80110-SHJ-A01
DPI Number	3246
Industry Reference	88-74035

Vehicle Compatibility

Odyssey EX, Odyssey EX-L, V6 3.5L Engine, 2005-2010 Model Years

Technical Specifications

Core Dimensions

766 mm

Core Length

438 mm

Core Width

16 mm

Core Depth

Packaging Dimensions

835 x 47 x 486 mm
