Product Overview

Premium Automobile Protection

This protective door guarder is engineered to provide a robust barrier against scratches and minor impacts, preserving your vehicle's pristine condition. Featuring a sleek, low-profile design with a sophisticated carbon fiber pattern, it integrates seamlessly with your car's body lines. The installation process is straightforward thanks to the pre-applied adhesive backing, ensuring a secure and long-lasting fit that helps maintain your vehicle's resale value.

Technical Specifications

Material & Finish	Carbon fiber pattern
Installation Method	Pre-applied adhesive backing
Key Features	Scratch Resistant, Impact Protection, Low-Profile Design, Easy Installation

Additional Components

Aerodynamic Mirror Protection

In addition to door edge protection, this product line includes a high-quality carbon fiber side mirror cover. It is designed with a sleek, aerodynamic profile and a glossy finish to enhance vehicle aesthetics while providing essential protection to the side mirror housing.

Mirror Cover Material	High-quality carbon fiber
