Product Overview

Automobile Fender Liner

These durable fender liners are engineered to protect your vehicle's wheel wells from road debris, moisture, and potential corrosion. Designed for a precise fit, they act as a crucial barrier to maintain vehicle body integrity and aesthetic appearance. Each component is manufactured to meet specific vehicle model requirements, ensuring secure installation and long-lasting performance.

Compatibility Details

Vehicle Compatibility Matrix

Vehicle Model	Position	Part Numbers
206 (1998-2005)	Front/Rear	7136.CX, 7136.CW
308 (2014-)	Front	9677267980, 9604702880
301	Rear	9812732480, 9812732380, 9678690580, 9678690480
2008 (2013-)	Front	9677639180, 9677639080
3008 (2009-2015)	Front	7136LW, 7136HZ, 7136HW, 7136HX
4008 (2015-)	Front	9810125480, 9810125380

Material and Design

Key Features

- Durable black plastic construction
- Contoured shape for wheel arch fitment
- Integrated mounting points
- Corrosion prevention design
