## ADDITIONAL IMAGES

## Product Overview

### High-Performance AC Clutch Assembly

This automotive AC compressor clutch is precision-engineered for Nissan Tiida vehicles, ensuring optimal air conditioning performance and reliability. Featuring a standard CR-10 compressor compatibility and a PV7 pulley configuration, this assembly facilitates efficient power transfer from the engine to the AC system. The kit includes all essential components for a complete replacement, including the clutch hub, pulley, coil, and bearing, designed to meet rigorous operational standards.

## Technical Specifications

### Operating Voltage

**12 V**

Voltage

Compatible Compressor Model

CR-10

Pulley Configuration

PV7

## Kit Contents

### Included Components

- Clutch Hub
- Pulley
- Coil
- Bearing
