## ADDITIONAL IMAGES

## Product Overview

### Automotive AC Compressor Clutch Assembly

This automotive AC compressor clutch assembly is designed for reliable performance and seamless integration with compatible vehicle air conditioning systems. The unit features a PV7 pulley configuration and operates on 12V, ensuring efficient power transmission and precise engagement of the compressor. It comes as a complete kit including the clutch hub, pulley, coil, and bearing, making it an essential replacement component for restoring optimal climate control functionality.

## Technical Specifications

### Operating Voltage

**12 V**  
Voltage

### Included Components

- Clutch Hub
- Pulley
- Coil
- Bearing

OEM Reference	38810-PNB-006
---------------	---------------

Pulley Configuration	PV7
----------------------	-----

## Compatibility

Compatible Model Years	2002, 2003, 2004, 2005, 2006
------------------------	------------------------------

Compatible Compressor Type	HS-110R
----------------------------	---------
