

# Automotive AC Compressor for Benz

This automotive AC compressor is designed to circulate refrigerant. It is compatible with Benz W203, C209, W163, W639, and W320 models.

## ADDITIONAL IMAGES

## Product Overview

### High-Performance Automotive AC Compressor

This premium automotive air conditioning compressor is specifically engineered for a range of luxury vehicle models, ensuring efficient refrigerant circulation and optimal cabin cooling. Built with a durable metallic body for superior heat dissipation, it features a robust multi-rib pulley system designed for long-lasting reliability in demanding environments. It serves as a direct replacement part, meeting high standards for fitment and performance.

Detailed compatibility and technical parameters for the FIN7SE series compressor.

### Refrigerant Type

R134a • HFC134a

### Recommended Oil

SP-20 or equivalent

## Clutch Details

### Clutch Specifications

**110 mm**

Clutch Diameter

**6 PK**

Groove Count

## Compatibility

### Applicable Vehicle Models

W203, C209, W163, W639, W320

## Identification Codes

### OEM Reference Numbers

- A0002306511
- A0002309011

### Product Codes

| Code Type    | Value       |
|--------------|-------------|
| Product Code | FIN7SEU     |
| Factory Code | FIN7SE17103 |
| Model Series | FIN7SE17    |

## Construction

### Body Material

Metallic (Aluminum alloy)
