Product Overview

High-Performance Automotive Condenser

This automotive air conditioning condenser is engineered for superior heat dissipation, ensuring optimal cooling efficiency for vehicle climate control systems. Built with durable materials, it offers long-lasting reliability and is designed to meet or exceed original equipment standards. Its compact construction allows for a direct fit, facilitating straightforward installation across a range of compatible vehicle models.

Technical Specifications

Core Size	505 x 318 x 16 mm
Carton Size	620 x 65 x 470 mm

Compatibility & Identification

TS Number	88-75098
Cross Reference	NISSENS 88-75098
