Product Overview

Advanced Camera Integration for Mercedes-Benz

This automotive camera integration system is specifically engineered for Mercedes-Benz vehicles equipped with NTG 5.5 infotainment systems (2018-2020). It enables seamless integration of rear-view, front-view, and 360-degree panoramic camera systems directly into the factory screen. With support for IPAS (Intelligent Parking Assist System) and PDC (Parking Distance Control), this solution enhances driver safety and maneuvering convenience while maintaining the vehicle's original aesthetic.

Compatibility

Supported Screen Sizes

- 10.25 inch
- 12.3 inch

Vehicle Compatibility

Mercedes-Benz NTG 5.5, E-Class, S-Class, C-Class, 2018-2020 Models
