Product Overview

High-Performance Automotive Cable

This automotive electrical cable is engineered for reliable performance and durability in demanding vehicle environments. Designed to meet or exceed OEM specifications, it features a robust construction with a flexible outer sheath and a strong inner core. This cable is an ideal solution for various automotive applications, ensuring smooth operation and long-term functionality.

Technical Specifications

Compatible Part Numbers

- 23710-57B12
- 23710-60A12
- 23660-57610
- 23710-57610

Key Features

Flexible Outer Sheath, Robust Construction, OEM Specification Compliant, High Durability
