

Automotive Engine Degreaser Spray

This degreaser spray is designed for automotive engine cleaning. It removes grease, oil, and grime from engine surfaces.

Product Overview

High-Performance Engine Degreaser

This automotive engine degreaser is formulated with strong penetrating power to effectively decompose and remove stubborn grease, oil, and grime from engine surfaces. Designed for safety, it cleans thoroughly without causing harm to rubber components, plastic parts, or painted surfaces. Beyond automotive engines, this versatile solution is also suitable for cleaning electricity generators and various other types of machinery equipment.

Technical Specifications

Volume Capacity	650 ml
Application Areas	Automotive Engines, Electricity Generators, Machinery Equipment

Key Benefits

Safety & Compatibility

- Safe for rubber components
- Safe for plastic parts
- Safe for painted surfaces
- Promotes efficient heat radiation

Performance Highlights

100 %
Penetration Effect
