Product Overview

High-Performance Engine Oil Pump

This automotive engine oil pump is engineered to deliver consistent oil pressure and circulation, which is vital for engine lubrication and longevity. Constructed from durable materials, it features a robust housing and precision-engineered gears designed to withstand high temperature and pressure conditions. It is manufactured to meet or exceed original equipment specifications, ensuring reliable performance across a range of vehicle applications.

Technical Specifications

Compatible Engine Models

- Massey Ferguson 35
- Massey Ferguson 135
- Massey Ferguson 148
- Massey Ferguson 230
- Massey Ferguson 240
- Massey Ferguson 250
- Massey Ferguson 254
- Massey Ferguson 350
- Massey Ferguson 353
- Massey Ferguson 550
- Massey Ferguson 355
- Massey Ferguson 360
- Massey Ferguson 363

Compatible Part Numbers

41314078, 41314178, 41314187, 736513M91, OP1150

Quality & Construction

Performance Features

High Temperature Resistance • High Pressure Resistance • High Efficiency • Long Shelf Life

Packaging Details

WMM carton packaging; oil and water resistant

Certification

ISO 9001 Certified
