Product Overview

High-Performance Engine Radiator

This automotive engine radiator is engineered for superior heat dissipation and reliable engine cooling performance. Designed to meet or exceed OEM specifications, it ensures a precise fit and long-term durability in demanding automotive applications. Its robust core construction and optimized design make it an ideal replacement solution for professional maintenance and repair requirements.

Technical Specifications

Core Dimensions	940 x 978 mm
Header Dimensions	59.6 x 59.6 x 1003 mm
OEM Reference	1851542
DPI Reference	67291
Model Information	P.G.R.T SERIES, R380

Compatibility

Application Compatibility

- 10-/G Transmission
- 04-MT Transmission
- 340/P Series
