

# Automotive Fog Lamp

High-quality fog lamps enhance visibility in adverse weather conditions, promoting safer driving. Constructed with durable materials, these lamps offer long-lasting performance and resist environmental factors.

## ADDITIONAL IMAGES

## Product Overview

### Enhanced Visibility and Safety

These automotive fog lamps are engineered to provide superior illumination in challenging driving environments, including fog, snow, heavy rain, and smoke-filled conditions. Designed as a direct replacement, they ensure a seamless fit for Tyt Hiace vehicles while offering durable construction for long-term reliability. The complete kit simplifies the upgrade process, ensuring professional-grade performance and improved road safety.

## Technical Specifications

Voltage	12 V
Current	30 A
Vehicle Compatibility	Tyt Hiace

## Kit Contents

### Included Components

- 2 x Fog lamp assemblies
- Integrated bezels
- Wiring harness
- Relay
- Fuse
- Installation hardware
