

Automotive Hand Brake Cable

This auto hand brake cable is engineered for reliable and consistent braking performance. Its flexible outer casing ensures smooth operation, while corrosion-resistant inner wires provide optimal strength.

Product Overview

Precision Engineered Hand Brake Cable

This automotive hand brake cable is engineered to match the exact dimensions and performance of original equipment, ensuring a seamless replacement process. Designed for durability, the inner cables are sheathed and lubricated to guarantee smooth operation, while the construction includes a specialized bird-caging process before die casting to maximize pull-off force. This corrosion-resistant component provides reliable, long-lasting performance for heavy-duty vehicle applications.

Technical Construction

Durability Certification

OEM Quality • High Pull-off Force

Design Features

Corrosion-resistant, Sheathed inner cable, Pre-lubricated, Bird-caged wire construction, OEM-matched dimensions

Compatibility

Vehicle Compatibility

| Vehicle Make | Model | Year Range |
|--------------|----------|------------|
| Dodge | RAM 1500 | 1994-1999 |
| Dodge | RAM 2500 | 1994-1999 |
| Dodge | RAM 3500 | 1994-1999 |
